## WFTI EMPHASIS: Fence Making

Fixed knot fence making machine... 12

Water-cooled, single-end grinder...33

Battery-powered straightener...46

Wire bending with precision butt welding...49

## Feature Articles

### 12 Fundamentals in Selecting Fence Making Machinery

Jerry Dunkley - A good knowledge of the fence application is important in choosing the proper machine to make that fence.

### 14 Advance Your Knowledge of Spring Design

Gary McCoy - New software incorporates the mathematical equations that determine spring properties to simplify the spring design process.

### 23 Enhanced Version of a Real Workhorse

Rob Meyers - New heavy-duty coiling and forming machine model offers an increased wire range and the capability to make more difficult, tighter index parts.

### 24 Hydrogen Embrittlement

Daniel H. Herring - Although many of the most severe hydrogen embrittlement problems have occurred in aircraft applications, it should be remembered "that it doesn't have to fly in order to die."

### 28 Five Innovations for Coiling & Forming Operations

Dr. Uwe-Peter Weigmann - In-process quality control provides opportunities for increased spring coiling and wire forming efficiency.

### 31 Optimism in the Italian Springmaking Industry & German Springmakers' Annual Convention

Konrad Dengler - Premier of new "European Perspectives" column.

### 32 Computer Aided Design

Mark Hayes - "Technically Speaking" column.

### 33 Spring Grinding Roundup

Editorial Staff - Suppliers have responded to our call for the state-of-the-art in spring grinding equipment and technology.

### 36 Wire Meshes

Peter Szilvasi - Mesh types, crimp/weaving patterns, applications data, suggestions about fitting wire meshes in screens, fastening/tension systems.

### 43 Spotlight On Testing

Michael McNulty - High-performing companies are disciplined in testing and documentation as well as the maintenance and upgrading of their testing equipment and technology.

### 44 Mechanical Properties – Part 7, Strength and Ductility in Bending

Dr. Roger N. Wright - *The Strength of Steel* column, dedicated to the metallurgy of spring making and wire formed parts manufacturing.

### 45 Wire Handling Roundup

Editorial Staff - Suppliers have responded to our call for the state-of-the-art in wire handling equipment and technology.

### 48 Company Welcomes Founder's Son for a Visit to the Factory

*Faces In Forming*: A man who was there at the start is amazed at his firm's string of developments.

### 53 Company Profiles

Information of value to the international spring and wire formed parts industry.
