## Feature Articles

- 18 Advancements in Coating Application**  
Brian P. Lowry - Improved equipment has resulted in improved bulk coating of small parts.
- 22 Black Oxide Treatments**  
Daniel H. Herring - A simple solution for cosmetic or physical property enhancement.
- 26 Migration Towards Dip Spin Applied Finishes**  
Matthew Delawder - Better corrosion protection, no hydrogen embrittlement and much more.
- 28 Unattended Automatic Lines**  
Branchi Arrigo - For stabilization, tempering, hardening, ageing, pre-heating and stress relieving.
- 30 One-Of-A-Kind Bender Reduces Tooling Changes and Setup Times**  
Ludovic Vallet - Spring and wire former has no need for hydraulic or pneumatic assistance.
- 44 Spring Grinding Roundup**  
Editorial Staff - Suppliers have responded to our call for the state-of-the-art in spring grinding equipment and technology.
- 52 How To Produce Productivity**  
Woodruff Imberman - The best incentive for employees to do their best is a reward in their paychecks.
- 56 Spotlight On Testing**  
Michael McNulty - Testing of raw material and final product ensures product quality/performance.
- 58 Importance of the Inspection Quill When Installing Coiled Spring Pins**  
Christie L. Jones - Insertion quill diameter is key to the coiled pin application.
- 61 Company Profiles**  
Information of value to the international spring and wire formed parts industry.
