Spring 2009

Vol. 12, No. 2

Wire Forming Technology

International

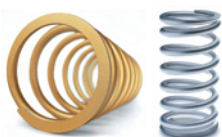

Three generations of wire products fabrication...32

Low-cost spring quality assurance ...38

A variety of spring solutions ...40

Automotive spring coating...46

Straightening & cutting...50

Feature Articles

12 WFA Spring Meeting & Plant Tours

Roseanne Hoban - The internationally recognized WFA will address and resolve common problems encountered in the operations of wire fabricators at its upcoming annual meeting event.

32 Sibling Team Leads The Way

Continuing a family tradition of fabrication of wire products for medical equipment, sporting goods, motor/fan guards and custom applications. New regular editorial feature: *Faces In Forming*.

34 What Is Heat Treating & Why Do We Do It?

Daniel H. Herring/Richard D. Sisson, Jr. - The first installment in a new article series on the subject of heat treating springs and wire forms.

37 Mechanical Properties, Part 1 – Young's Modulus

Dr. Roger N. Wright - *The Strength of Steel*, column dedicated to the metallurgy of spring making and wire formed parts manufacturing.

38 Spring Testing on a Budget

David A. Larson - You want your test results to agree with those of your suppliers or your customer. Fortunately, accurate results shouldn't cost you a lot of cash.

40 From Helping GI Joe Talk to Reducing Environmental Waste

This pioneer in constant force and variable force spring technologies since 1967, has a goal of creating ideal solutions to customer needs. New regular editorial feature: *Springmaker Stories*.

42 Simple Add-On Tool Lowers Production Costs/Improves Runnability

Patrick Fitzgerald/Michael Jordan - Residual lubricants and incomplete scale removal on wire can cause wire processing and performance problems.

44 Spotlight On Wire Forming & Tube Bending Machines

Michael McNulty - Depending on the application, which are numerous, there are many effective and versatile machines out there to help you do the job of forming and bending wire or tube.

46 The Zinc Flake Alternative

Dr. Gerhard Reusmann - Zinc flake coatings are a high-performance, cost-effective alternative to the hot-dip galvanizing of springs, wire formed parts and other high-strength components.

49 Prestressing

Andrew Watkinson/Mark Hayes - *Technically Speaking* column.

50 Straightening & Cutting Roundup

Editorial Staff - Suppliers have responded to our call for the state-of-the-art in straightening and cutting equipment technology.

Industry Events

15 Interwire 2009 — A Focus on Exports, Manufacturing, Innovation & Looking Ahead

Janice Swindells - Preview of *Interwire 2009*, being held April 25 to 30, 2009, at the I-X Center in Cleveland, OH, USA.

58 Return to Moscow

Compiled from information from Messe Düsseldorf North America (MDNA) - Preview of *wire Russia 2009*, being held May 12 to 15, 2009, at the ZAO Expocentr in Moscow, Russia.
