Wire Forming Technology International

Feature Articles

Complete rebar fabrication system...22

14 Top Products of 2006

Review of the winners of *Wire Forming Technology International's* eighth annual article on the top products covered editorially in the previous year (see this month's issue Cover).

22 Rebar Shop Crane Issues?

Nathan Kauffman - Complete rebar processing shop is designed to fabricate rebar from start to finish with minimal manual intervention required.

27 Testing Roundup

Editorial Staff - Suppliers have responded to our call for the state-of-the-art in testing and measurement equipment for springs and wire formed parts.

32 Will New Wave Of Union Drives Bend Wire Formers Out Of Shape?

Woodruff Imberman, Ph.D. - A new law is being introduced to change the rules by which unions can organize at private employers, including those in the wire forming and spring industries.

36 Mechanical Wire Descalers = No Chemicals

Chris Hauer - Mechanical descaling alternative eliminates acid pickling methods that use environmentally hazardous materials.

38 Spotlight On Spring Coiling

Michael McNulty - While the fundamental spring coiling process has not changed, there are many innovations for making the technology more flexible, efficient, productive and cost-effective.

41 The Strength of Steel

Dr. Roger N. Wright - Aging & the Working of Steel – Part 3: The third installment of a multi-part series dedicated to the metallurgy of spring making and wire formed parts manufacturing.

Optical comparator for the wire forming industry...27

Mechanical descaler with double set of rotating & orbiting wire brushes...36

Technology for making many wire formed parts...40

Tech Briefs

26 Microprocessor-Controlled Payoffs

40 Company Completes 25 Years of Business
