## Feature Articles

### 14 Top Products of 2007

The winners in *WFTI's* 8<sup>th</sup> annual article on the top products of the year. Results are based on selection by the *WFTI* Editorial Staff.

### 20 Working Smarter With Robots

Constantine Grapsas - Wire forming companies are increasingly using robotics to boost their competitiveness as an alternative to outsourcing production.

### 23 Carbon and Stainless Steel Spring Wires— Response to Stress Relief Heat Treatment

Debut of *WFTI's* new "Technically Speaking" column by Mark Hayes, Senior Metallurgist for the Institute of Spring Technology (IST), Sheffield, UK.

### 39 Composition Effects in Low Alloy Steels

Dr. Roger N. Wright - Part 7 of the multi-part series, *The Strength of Steel*, dedicated to the metallurgy of spring making and wire formed parts manufacturing.

### 40 Barbed Wires, Hangers, Chains, Fences, Gabions & More

Sonia Vitari - A review of some of the machines designed and built by an 83-year-old Italian company with a worldwide reputation for innovation.

### 42 Materials Roundup

Editorial Staff - Suppliers have responded to our call for the state-of-the-art in materials technology.

### 50 Spotlight On Mesh Welding

Michael McNulty - There are new features and capabilities available from manufacturers and suppliers of mesh welders, worldwide.

### 52 One More Time... Yet Again

Woodruff Imberman - Spring manufacturers and wire formers struggling with excess capacity, as they fight for short-run, quick turn-around jobs, must motivate their workers to work smarter and more efficiently. But how?

## Industry Events

### 24 Springmaking & Wire Forming Exhibits at World's Largest Wire Show

Messe Düsseldorf GmbH/MDNA - Preview of the springmaking and wire forming equipment and technologies to be found at *wire 2008*, March 31, 2008 to April 4, 2008, in Düsseldorf, Germany.

### 46 Images from Asia

Jerry Reese - Part 1 of an article that looks back on last year's USA tour of the business and cultural aspects of the spring industry in Japan and China.
